### Abstract

STARTINNOCOOP project proposes to establish progressively an innovative inclusive and sustainable European Cooperative Society S.C.E. (SCE), worldwide competitive, active, finally in at least 18 cities of 15 countries, providing high-quality, cooperative, common, support services, utilities and facilities for Web and Mobile Applications (WMA) based entrepreneurship, to accelerate the fast growth and business internationalisation of, more than two-hundred, startups by means of cooperation opportunities and on-hub and on-line activities, harmonised with European initiatives.
